Certificate of ADCF Status

Protein ID:	Qk038
Protein Name:	Recombinant human BMP-4
Lot Number:	104294
Animal-Derived Component Free:	Yes
Animal Origin Free Manufacturing Process:	Yes
Country of Manufacture	UK

The product listed above is manufactured in a dedicated animal-derived component free (ADCF) laboratory and does not contain any human- or animal- derived components.

All raw materials used in the manufacture of human BMP-4 are animal-derived component free to the tertiary level of manufacturing, as certified by supplier-provided documentation.

All components of the human BMP-4 manufacturing process are AOF (animal-origin free) to the secondary level.

Further information regarding our animal-derived component free policy is online at:
